

Home Design Package Deliverables

Discover everything you'll
receive with your home design
package

“What’s a Home Design Package and how does it work?”

Our Home Design Package is all about defining *your* vision and budget before committing to build. It starts with a complimentary consultation call to discuss your goals. After signing the Phase One Agreement (\$2,500), **you’ll work with our architectural designer to brainstorm ideas, develop designs, and refine them based on your feedback.** Once the final deliverables are complete, you’ll have the option to move forward with the building process, fully informed and ready to bring your dream home to life.

A hand with white-painted nails is shown from the top, holding a pen over a detailed architectural floor plan sketch. The sketch shows a complex layout of rooms, corridors, and structural elements. The background is a light, textured surface.

WHAT'S INCLUDED?

Concept Sketch (Exterior/Interior)

3 Design Revisions

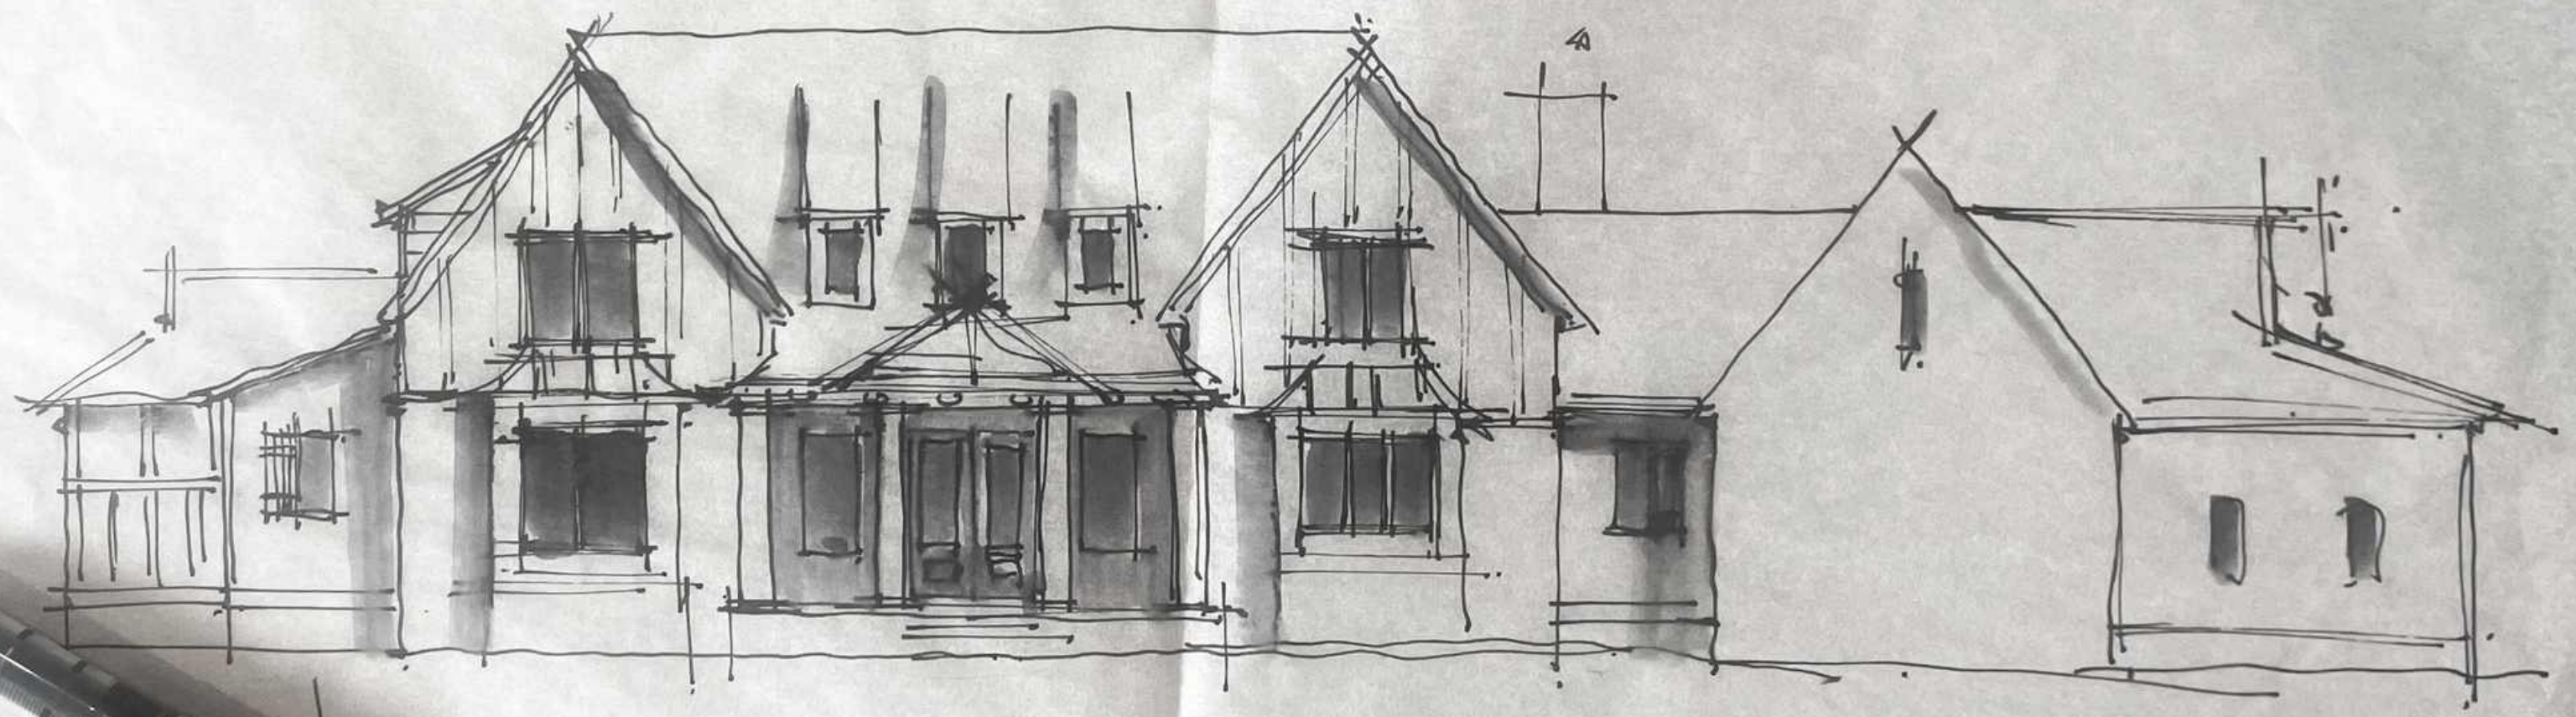

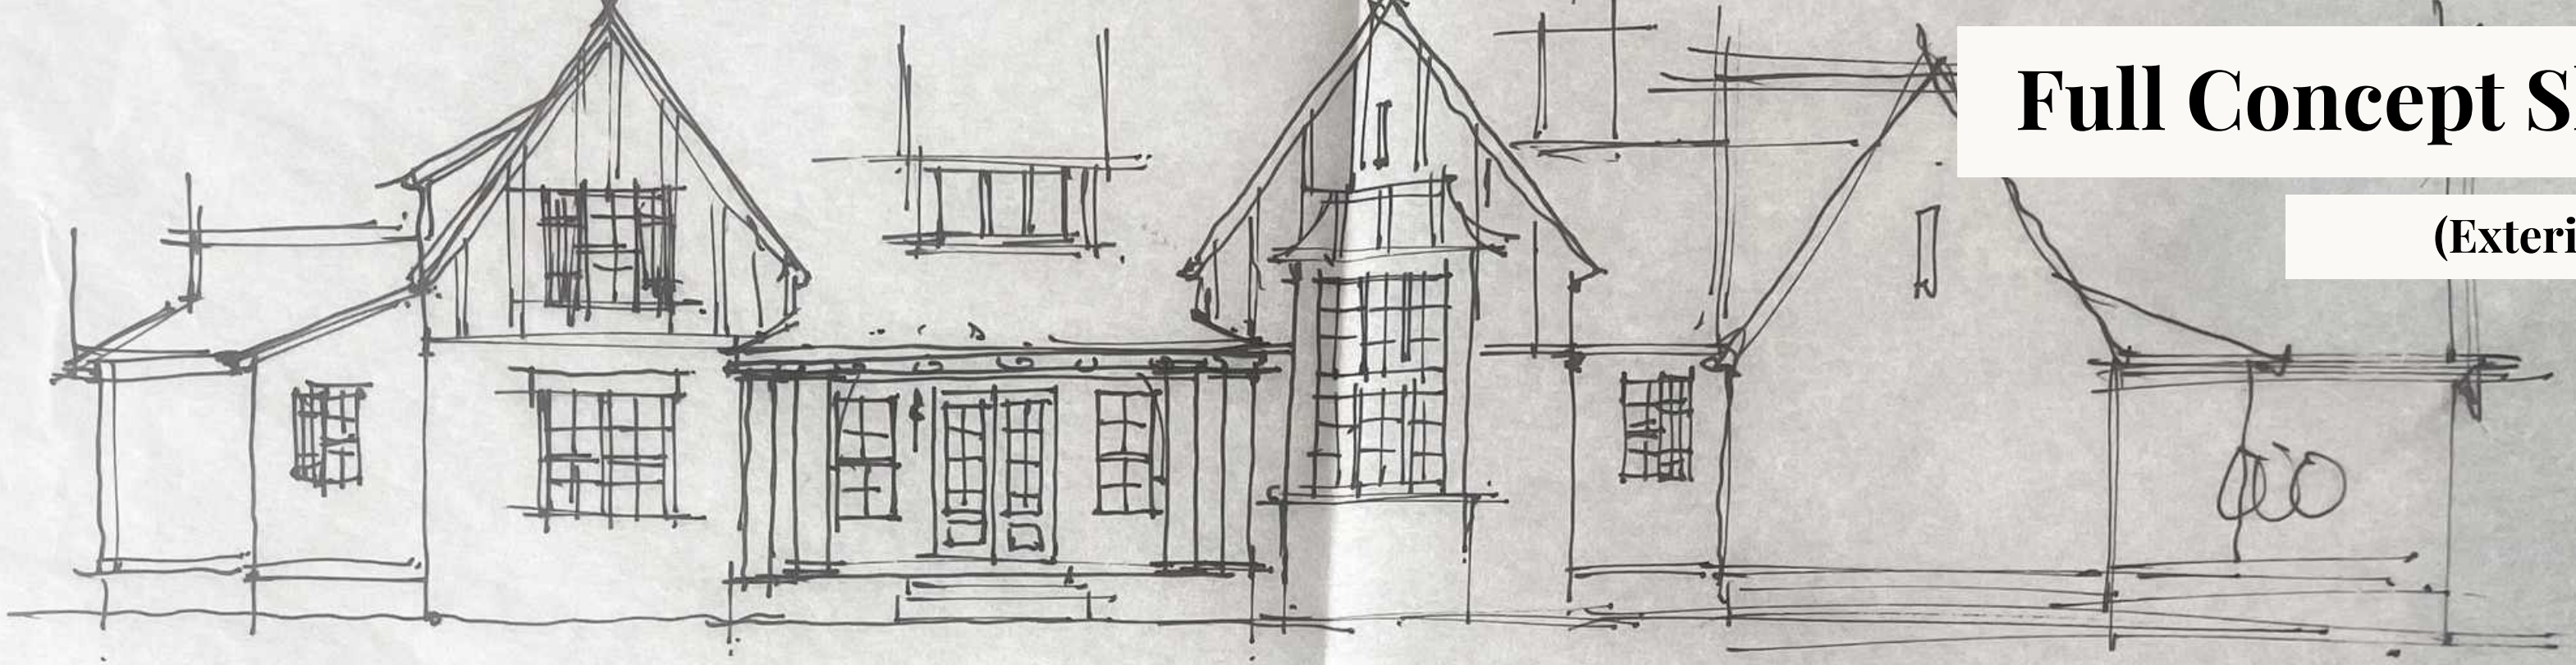

Exterior 3D

Architectural Plan

Itemized Pricing
